

# The Daily Courant.

Thursday, October 31. 1706.

From the Leiden Gazette, dated Nov. 1.

Milan, Oct. 19.

**O**UR Castle continues closely block'd up; and we more and more hope it will in a little Time be forc'd to surrender for want of Provisions. A Detachment of 400 Spaniards and French, attempted to get into it 2 or 3 Days ago with some Provisions; but being discover'd in Time, were surrounded by the Imperialists and intirely defeated. By the taking of Arona and the Castle of Osola, we have left the French no Road open to come into the State of Milan. Count Charles Borromeo has reduc'd 3 other small Places on the Frontier of the Country of the Grisons, and particularly the important Fort de Fuentes, which surrendered at Discretion the 15th of this Month, and the Garrison were made Prisoners of War. The Town of Tortona has also surrendered; and 'tis hop'd that of Alexandria will soon follow its Example; the rather because the Troops of the Allies that have form'd the Siege of that Place, batter it very vigorously, and on Sunday last one of their Bombs blew up the principal Magazine of Powder in the Place. 'Tis said that after the Reduction of that Town, Valenza will be attack'd.

From the Harl. Cour. and Leid. Gaz. dated Nov. 2.

Geneva, Oct. 22. Our last Advices from Piemont import, that the Vandois make frequent Excursions, some to the very Gates of Embrun in Dauphine, and have taken great Booties of Cattle; that there is great Desertion from the Army of the Duke of Orleans which is drawing together between Briancon and Oulx; and that a few Days ago 28 Deserters from the French, went over in a Body to the Allies in Piemont, among them several Sergeants and Corporals. 'Tis rumour'd that the French have no real Design to return into the Plain of Turin, but give it out to make the Allies detach part of their Troops from the Milaneze to Piemont: In the mean time the Apprehension the French Army is in, that positive Orders may indeed be come from their Court for their March back into Piemont, makes the Officers murmur extremely, and the Soldiers desert apace.

Amsterdam, Nov. 2. The 30th of last Month the Council of State presented to the States General the Estimate of the Charge of the War by Land for the ensuing Year. And have included in it the Pay of the Regiment of Colonel Cavalier the Camisar; the Charge of maintaining 2 Resident and a Minister for Ecclesiastical Affairs at Brussels; and the annual Pension of 10000 Florins to Prince Charles of Denmark (England saying that Prince 4000 Pound yearly,) in Con-

deration of his forbearing to prosecute his Claim to the Bishoprick of Lubeck. The said Council of State have also, according to Custom, presented a Petition for the Charge of the War at Sea, which for the ensuing Year amounts to 7225630 Guilders. There are to be 18 Men of War for Portugal and the Mediterranean, which are fitting out to be sent thither without Delay; and 24 others are to serve in the North Sea and for the Guard of our Coasts. The States of this Province of Holland are taken up in considering what Funds to settle for their Part of this Charge, without laying an Imposition of more than once the hundredth Penny: They have several Projects before them, viz. augmenting the Excise on Turf for firing, adding some Stivers to the Rates of Stamp'd Paper, and taxing those who have Offices in the Government, the Number of which Persons is considerable. For this Purpose likewise, their Deputies have also had some Conferences with those of the Chamber of Accounts of the Domains of the Barldom of Holland, about alienating Part of those Domains in Order to Appropriating the Sums arising from that Alienation to the Use of the Publick. The Affair of the Pope's being allow'd to nominate a Vicar of the Roman Catholics that are Subjects of this State, to engage him to confirm the Bishop of Paderborn in his Election to the Bishoprick of Munster, (as mention'd in my former,) is laid asleep for the present; it appearing by Letters which the States have receiv'd from their Resident at Cologne, that the Court of Rome have taken another Way: That Resident writes, that the Internuncio Bussi had been with him on the Part of the Pope, to tell him that his Holiness thank'd the States for the good Order and Discipline which they had caus'd the Troops in their Pay under the Hereditary Prince of Hesse-Cassel to observe in Italy; that he desir'd them to be assur'd he would shew his Acknowledgement for it on all Occasions; that he would have all possible Regard to their Satisfaction in the Affair of the Bishop of Paderborn, would take Care to appoint impartial Judges to examine the Validity of his Election, and notwithstanding he had been threaten'd from a certain Quarter would see Justice done. The 29th past the States gave a vacant Company in the Regiment of Foot Guards to the Fieldmarshal M. d' Auverquerque, who tho' he be Colonel of that Regiment had not a Company in it. 'Tis believ'd he will also have the important Government of Maestricht, which cannot fairly be given to any other Person, and would be no Hindrance upon General Dopf who is but Commandant in that Place. The Affairs of Saxony do not at present seem to be tending to an Accommodation; for tho' the King of Sweden's Answers to the Princess that have written to him touching his Invasion of that Electorate,

• Electorate, do all contain express Promises that his  
 • stay in Saxony shall be no Prejudice to the com-  
 • mon Cause of the Allies, yet he gives them to  
 • understand that he will not withdraw out of that  
 • Country before the Affair of Poland is terminated,  
 • for which however he is ready to hearken to rea-  
 • sonable Propositions. Some of the Swiss Cantons  
 • have newly by a Letter to the States offer'd their  
 • Mediation of Peace between the Allies and France;  
 • the principal Protestant Cantons, Zurich, Berne,  
 • and Schaffnauysen, are not of the Number of  
 • those Peace-Brokers; those that have written this  
 • Letter are some of the Roman Catholick Cantons,  
 • having at their Head the Protestant Canton of Ba-  
 • sil: It does not appear that their Letter has made  
 • any Impression on the States, and some make a  
 • Doubt whether their High Mightinesses will return  
 • any Answer to it: 'Tis believ'd they will confer  
 • upon it with the Duke of Marlborough when he  
 • comes to the Hague. 'Tis talk'd M. Buys Peh-  
 • sionary of this City, will be commission'd to go  
 • over with his Grace to the Court of England,  
 • where he was last Winter to the mutual Satisfac-  
 • tion of both Potentates.

 thereto, be printed. Moved likewise, that it be

 to be printed, such of the said Laws as they shall  
 see just, to offer to the Parliament; and after some  
 Debates thereon, the several Considerations were  
 delayed till next Sederunt of Parliament. Then  
 the Parliament was adjourn'd to Friday the 25th.

 that Commodore Carr with his Squadron was gone a
